Our Groups

We take children from two and a half to five years.

Settling In

The first step into a routine. Learning to arrive happily, to be part of a group, and to trust the adults who look after them.

Language & Play

Stories, songs, vocabulary and a great deal of talking, alongside purposeful play that puts new words straight to use.

Early Concepts

Letters, numbers, shapes and colours introduced by a teacher in a small group, built up week by week.

School Ready

The year before primary school. Confidence, independence and the routines that make the first day of big school feel ordinary.

- **Medical and allergy notes** Anything our teachers should know
- **Two emergency contacts** Adults we may call and who may collect your child

How to Register

1 Book a tour

Call or message us and pick a weekday. Tours take about 30 minutes.

2 Bring your documents

If you bring everything on the day, most families finish registration in one visit.

3 Meet the team

Tell us about your child: routines, allergies and what settles them, so we can prepare properly.

4 Confirm the place

Once the registration fee is settled, we hold the place and confirm in writing.

Good to know

- Registering does not by itself reserve a place. It is confirmed once fees are settled and we confirm in writing.
- Places in each group are limited, so early registration is encouraged.
